Petition to the Senate of Canada

We, the undersigned residents of Canada, draw the attention of the Senate to the following:

THAT discrimination, harassment and violence are routinely perpetrated against transgender persons in the workplace, the community and families. There have been several bills tabled in the House of Commons to prohibit discrimination and hate crimes based on gender identity and gender expression. Last October, Bill C-16 amending the Canadian Human Rights Act and the Criminal Code to better protect trans persons was adopted by the House of Commons.

THEREFORE, the petitioners request that the Senate move quickly to adopt Bill C-16 without amendment.

Signature (sign, do not print) **Address (city and province)**
