

Your PSAC bargaining team is committed to improving your working conditions and work-life balance and we will not accept concessions for current or future workers. We want:

Harmonized Wages

Harmonization in pay rates within the CFIA and vis-à-vis the federal public service.

Financial Stability

Economic wage increases appropriate for Canada's competitive, low-unemployment labour market and annual increases in the cost of living.

Work-Life Balance: Mental Health & Childcare

Joint union-management initiatives to promote mental health in the workplace and develop proposals to assist CFIA workers in accessing quality child care services.

A Healthy Work Environment

Joint Learning Program between PSAC and CFIA to improve union-management relations and foster a healthy work environment.

A Sustainable Food Safety Regime

Investment in the CFIA workforce (e.g., through training) so that the Agency continues to effectively ensure food safety for Canadians.
