

PSAC FAMILY CARE POLICY (Revised March 2025)

Objective

The PSAC fully recognizes that family is not solely defined as consisting of “mother and father with children” and may take several forms including, but not limited to single parents, same-sex parents, dependent relatives residing in the household.

The objective of the Family Care Policy is to remove one of the barriers which prevent members from participating in union activities. The FCP is not intended to cover the cost for care provided by a spouse/partner, former spouse/partner with custody rights or a relative residing in the household.

The Family Care Policy (FCP) is intended to assist members in covering additional fees incurred as a direct result of attending an authorized PSAC activity.

To achieve a maximum amount of flexibility, every effort will be made to provide on-site child care where Early Childhood Educated (ECE) or certified caregivers are available for hire. When on-site childcare is provided, caregivers will be made available for evening sessions that form part of the schedule of events.

Eligibility

Where the member is the sole caregiver at the time of the authorized union activity, the FCP will cover costs for care during the day outside normal work/school/daycare hours. Family care costs that would have ordinarily been incurred during work hours had the member been at their place of work are not covered.

The FCP shall not cover cost for care provided by a spouse/partner, former spouse/partner with custody rights or a relative residing in the household.

Members are entitled to claim fees related to the care of the following family members who reside on a full or part-time basis with the member:

1. A child under 18 years of age;
2. A person with a disability;
